00:44:13 Nour: yes
00:46:46 Gabriella Gabrielle: The last month has been so heartbreaking for me with this new horrific chapter of the ongoing genocide of the people of Gaza and all Palestinians of Palestine/Israel, and in the diaspora. I live in Germany where the censorship and propaganda of German government and mainstream media is horrendous.

I was deeply moved listening/watching to Iris Hefets (JVP Berlin and Germany) talking about her recent solo protest action in Neukölln, Berlin:
You can watch/listen to her talking about it below at a recent online DiEm 25 gathering (of which I am a member). It starts about 39 minutes into the recording. The rest is also well worth listening to:

00:49:17 marta benavides: salud-- then if we are to be about The Gift of Activism: Speaking Truth to Power- how do we live that daily individually and collectively? the concept is radical and deeply transformational, thing is at this moment Cease Fire is a must, it is different than Pause.. we must discern the difference and how is how we must move? Cease Fire is part of the of the Peace negotiations in the affirmation and commitment There is no way to Peace. Peace is the way.. how do we move on this path? we must.. it does not let us breathe --we are dying too.. salud..marta - El Salvador- Cushtatan- ancestral name

00:53:34 Gabriella Gabrielle: You said it Tina!

00:53:45 Frank Ellner: Does CodePink has connection to women wage peace WWP and women of the sun, WOS an organization of Isrealian and Palestinian women working together for peace?

00:55:06 Jodie Evans: Frank, Yes, I mentioned the march with them at the beginning. We have been connected with them for 21 years.

00:55:55 Gabriella Gabrielle: And the German Nazi's and following German governments - to date(!) were on board with this from the get-go! 🤔

01:09:24 Patricia White: People here in Turtle Island don't have to be 'white' to be settler colonialists.

01:12:43 Tina Liakopoulos: They are held for an indefinite amount of time, tortured with no access to family or a lawyer. They are also held in solitary confinement for more than 15 days which is a war crime. They are also interrogated like they are the worst criminals. I have seen a video tape of Ahmad Manasra's interrogation as a 13 year old child and it is the most vile, despicable abuse of power that I have ever seen.

01:18:37 Gabriella Gabrielle: Thank you, for this and all the others, Jodi.

01:18:53 marta benavides: Terrible terrible terrible.. and this is an

accepted WAY internationally.. this is exactly what is going on in El Salvador, and being promoted as the solution to "exterminate" violence, and have peace.. there are more than 75 thousand in prison without due process just as Nour is explaining.. for the whole LATAM/ Caribe .. two mega prisons The CECOT – Centers for the Containment of Terrorists for 40, 000 prisoners with penalties 40–60 years .. this is besides other previous jails.. and this is where any of us who questions in any way can be taken and have been taken, except those who by chance have been forced to go into exile... the president of my country is Palestinian second generation descent, mostly aligned to Israel.. the work for the rights of Palestinian people is a must a must a must, and cease fire is a step for today for their rights to be real and now... salud..marta – SIGLO XXIII. El Salv

01:21:16 Peggy Antrobus: Hello, I am from the Caribbean and know a lot about the history of colonialism – but never, since the emancipation of the enslaved in our region have we been subjected to the kind of violence that is now being inflicted on the Palestinians.

01:23:27 Gabriella Gabrielle: Thank you, Martha. Heartbreaking! The genocide in El Salvador has also been going on for a very long time!

Sending love and care, Gabriella

01:24:04 Peggy Antrobus: There is NO JUSTIFICATION for what Israel is doing in Gaza today.

01:27:16 Gabriella Gabrielle: Shukran alf shukr, Nour!

01:27:34 Tina Liakopoulos: Nour amazing info and love your passion!!

01:27:40 Sarah Poet: Thank you for all you've shared.

01:28:21 Cristina Herencia: Heartbreak from the Andean Indian people and continous prayers on behalf of Palestinian sisters and brothers... tears and love... and prayers!

01:28:30 marta benavides: Macron of France pressing for #CeaseFire instead of "Pause" on and Israel– Palestine <https://www.bbc.com/news/world-europe-67356581>.amp

01:28:44 Peggy Antrobus: Nour you're amazing... thank you

01:29:38 Sarah Poet: Who was that?

01:30:00 Nour: thank you all! you are all such a crucial part of this movement

01:30:02 Cristina Herencia: Thanks for this special session. it should be held permanently... a women's perspective on peace!!

01:32:00 marta benavides: France's Macron urges Israel-Gaza: "cease fire" - this is a most important aspect to discern, "A Pause" is very distant from Peace, than a "CeaseFire" is, this is a serious part of a framework for a Peace- it demands and involves commitments and gestures not only from the parties/countries/nations directly involved, but from the whole community of nations, in this case, the UN, it is part of a negotiated agreed process-

01:33:05 marta benavides: t asks to form a group of countries that are to accompany the parties that are or are suffering the aggression, I know because I have personally lived this experience, and in our case in the 80's we suffered what was wrongly called "LOW INTENSITY WAR" the aggressor nation qualified as such, and it defined all about the war, at that time, and from 1979 on til the signing of the Peace accords in 1992, Mexico, France, Panama were in intentional caring accompaniment to my people, my country- they never left us alone, we signed the Jan 16/ 1992 Peace Accords, first of its nature in modern times in Chapultepec Palace in Mex, great friend to us, the UN and its Sec Gral was in total accompaniment before, during and after the negotiations- There much more to b shared on this, and its transformative power in all ways all through, much more than I can tell here,

01:35:11 Gabriella Gabrielle: Loved your intro to this meeting, Gen! Brilliant, Powerful and True - as always! Great Gratitude!

01:39:02 Tina Liakopoulos: If anything, it is Israel who is confiscating the aid in order to prevent it from reaching the Palestinian people out of cruelty and spite.

01:39:26 Gabriella Gabrielle: Wonderful! Thank you Letecia!

01:40:32 Tina Liakopoulos: the ignorance of people when talking about Hamas astounds me. Hasbara on a grand scale.

01:46:14 Gabriella Gabrielle: Netanyahu and ThyssenKrupp are joined at the hip!

01:47:16 Gabriella Gabrielle: 3 years, I think

01:48:30 amber michal: Jodie's contextualisation reminds me of Angela Davis responding in interviews when she was asked about the "violence" committed by Black activists who were taking whatever action necessary to *resist* violence

01:58:17 Cristina Herencia: How about the huge gas deposits right in the coast of Gaza that would secure, guaranty energy in the

years to come for the US and Europe, that would free them from Middle Eastern and Latin American sources of energy??

02:00:38 Cristina Herencia: If that is true, another key issue for the whole world would be at stake: global warming and environmental disasters... in which we are all involved when we hold on to the model of consumption...

02:04:26 Gabriella Gabrielle: Another useful piece of this horrific puzzle: <https://odysee.com/@richardmedhurst:3/real-reason-gaza-war:f>

02:05:47 Gabriella Gabrielle: Yes, Tina! Me too!

02:07:31 Peggy Antrobus: South Africa has also recalled its ambassador to Israel and closed the Israeli Embassy in SA

02:09:22 Nour: x2

02:12:37 Frank Ellner: Nevertheless we should not omit the interests of the other Players like Russia, China, Turkey, Iran and many others,

02:14:02 Gabriella Gabrielle: Yes Nour, exactly the way German kids were indoctrinated by the Nazis in the 1930s and 40s.

02:14:40 Tina Liakopoulos: These other countries play no significant part like Israel and the US do who are also the aggressors of the world and perpetuate most of the violence. As far as I am concerned, go BRICS go!!

02:14:48 Darcia Narvaez: In the USA, the defense department set up weapons-related factories in many congressional districts. So shutting them down would lose jobs.

02:15:34 Peggy Antrobus: Yes... there are the makings of a proxy war in Gaza

02:15:39 Gabriella Gabrielle: The German weapons industry plays a big role in this too.

02:16:46 Darcia Narvaez: Right-wing Christians (of the USA) are lobbying for and helping fund Israel's militarism. They want to bring on Armageddon and the return of Jesus.

02:17:00 Gabriella Gabrielle: Blessed Be!

02:17:15 Peggy Antrobus: There are almost a million protesters in London today - on Armistice Day - a call for an end to war

02:18:18 Tina Liakopoulos: Thank you for this wonderful webinar.

02:18:24 Gabriella Gabrielle: Really important point, Darcia! The Christian-Zionists in Germany do the same!

02:18:37 amber michal: can we take a breath for/with today's beautiful speakers at the end of the session before we close ?

02:18:37 Tina Liakopoulos: Free Palestine!!!

02:18:46 marta benavides: gracias . gracias mil.. we all do resist and in spite of all risks we transform. each day each step, the Palestinian struggle for peace and justice is all of us, when ever we are about creating the different world needed now and into the future

for this generation and generations to come.. gracias.marta
